

Sprint 1 Review

X2CRM Web Portal

X2Force

July 9th, 2018

Actions to be halted:

- N/A

Actions to be started:

- Begin developing/extending the X2CRM application.
- Integrate GrapesJS with X2CRM in some capacity (considering possible changes in implementation).

Actions to be continued:

- Team members not acquainted with development technologies reading documentation/tutorials on PHP, JavaScript, Yii, and SQL
- AWS needs to still be set-up to start developing.

Work Completed:

- Git repo is set up
- Rest of the team is familiarized with debugging in PHP/JS.

Work Not Completed:

- Setting up an AWS instance.

Work Completion Rate:

- Completed 0/2 user stories
